Subject Index

ADAPTIVE AGGREGATION PATTERNS
The Social Biology of Human Populations: Spontaneous Group Formation Conforms to Evolutionary Predictions of Adaptive Aggregation Patterns, 343

ADAPTIVE DESIGN
A Critique of Darwinian Anthropology, 131

AFRICAN MARRIAGE SYSTEMS
African Marriage Systems: Perspectives from Evolutionary Ecology, 145

ANOREXIA NERVOSA
Evolutionary Biology and Psychiatry: The Case of Anorexia Nervosa, 223

BEHAVIOR
The Plasticity of Human Social Organization and Behavior, 171

BEHAVIORAL CATEGORY
What is a Category? The Case of Rough-and-Tumble Play, 331

BEHAVIORAL SCIENCES
Summary of the Evolution and Human Behavior Conferences: Ann Arbor, Michigan, April and October 1988, 457

BENEFICENCE
Comments on Distinctions Among Reciprocal Altruism, Kin Selection, and Cooperation and a Model for the Initial Evolution of Beneficent Behavior, 449

BENEFICIENT BEHAVIOR
Definitions and the Genetic Bases of Beneficent Behavior, 457

CANINE TEETH
Do Men Yawn More Than Women?, 375

CHILDBIRTH
Pain and Stress During Childbirth and Time of Day, 255

COGNITIVE PROCESSING
What is a Category? The Case of Rough-and-Tumble Play, 331

CONTROL SYSTEMS THEORY OF DEVELOPMENT
Vulnerable Periods During Infancy, 279

COOPERATION
Comments on Distinctions Among Reciprocal Altruism, Kin Selection, and Cooperation and a Model for the Initial Evolution of a Beneficient Behavior, 449

CULTURAL EVOLUTION
The Elastic Between Genes and Culture, 111
Homicide and Cultural Evolution, 99
Overview, 1
The Role of Evolved Predispositions in Cultural Evolution, 195

CULTURAL VARIATION
The Plasticity of Human Social Organization and Behavior, 171

CULTURE
Does Culture Need Genes, 11
Evolutionary Psychology and the Generation of Culture, Part I, 29
Evolutionary Psychology and the Generation of Culture, Part II, 51

DARWINIAN ANTHROPOLOGY
A Critique of Darwinian Anthropology, 131

DIFFERENTIAL RELATIONSHIPS
Response to Rushton and Nicholson, 309

DISEASE
Vulnerable Periods During Infancy, 279

DIVISION OF LABOR
Mate Selection Criteria, 241

ESTRUS
Loss of Estrus in Human Evolution. Too Many Answers, Too Few Questions, 417

ETHOLOGY
Rethinking Human Ethology, 315

ETHOLOGY, 10TH INTERNATIONAL CONFERENCE ON HUMAN ETHOLOGY,
Abstracts, 379

EVOLUTION
Summary of the Evolution and Human Behavior Conferences: Ann Arbor, Michigan, April and October 1988, 457

Ethology and Sociobiology 10: 489–491 (1989)
© Elsevier Science Publishing Co., Inc., 1989
655 Avenue of the Americas, New York, NY 10010

0162-3095/89/$3.50

EVOLUTIONARY BIOLOGY
Evolutionary Biology and Psychiatry: The Case of Anorexia Nervosa, 223
African Marriage Systems: Perspectives from Evolutionary Ecology, 145

EVOLUTIONARY PSYCHOLOGY
Evolutionary Psychology and the Generation of Culture, Part I, 29
Evolutionary Psychology and the Generation of Culture, Part II, 51

EVOLVED CONSTRAINTS
Does Culture Need Genes, 11
Overview, 1

EVOLVED PREDISPOSITIONS
The Role of Evolved Predispositions in Cultural Evolution, 195

FACIAL FEATURES
Salience of Neonates' Facial Features for Recognition by Family Members, 325

FERTILITY AND RESOURCES
African Marriage Systems: Perspectives from Evolutionary Ecology, 145

FITNESS FUNCTIONS
Rethinking Human Ethology, 315

FRIENDSHIPS
Genetic Similarity in Male Friendships, 361

GENES AND CULTURE
The Elastic Between Genes and Culture, 111

GENETIC AND CULTURAL COEVOLUTION
The Role of Evolved Predispositions in Cultural Evolution, 195

GENETIC SIMILARITY
Genetic Similarity in Male Friendships, 361

GENETIC SIMILARITY THEORY
Does Genetic Similarity Theory Go Beyond Kin Selection, 311

GRIEF
Human Grief: Is Its Intensity Related to the Reproductive Value of the Decreased?, 297

GROUP FORMATION
The Social Biology of Human Populations: Spontaneous Group Formation Conforms to Evolutionary Predictions of Adaptive Aggression Patterns, 343

HOMICIDE
Homicide and Cultural Evolution, 99

HORMONES
Loss of Estrus in Human Evolution. Too Many Answers, Too Few Questions, 417

INFANCY
Vulnerable Periods During Infancy, 279

INTERNATIONAL CONFERENCE ON HUMAN ETHOLOGY, 10TH
Abstracts, 379

KIN RECOGNITION
Salience of Neonates Facial Features for Recognition by Family Members, 325

KIN SELECTION
Comments on Distinctions Among Reciprocal Altruism, Kin Selection, and Cooperation and a Model for the Initial Evolution of Beneficent Behavior, 449
Does Genetic Similarity Theory Go Beyond Kin Selection, 311
Evolutionary Biology and Psychiatry: The Case of Anorexia Nervosa, 223
Genetic Similarity in Male Friendships, 361

LEARNABILITY THEORY
Does Culture Need Genes, 11

LEARNING
Evolutionary Psychology and the Generation of Culture, Part I, 29
Evolutionary Psychology and the Generation of Culture, Part II, 51

MATE SELECTION
Mate Selection Criteria, 241

MENSTRUAL CYCLE
Loss of Estrus in Human Evolution. Too Many Answers, Too Few Questions, 417

MIGRATION
Sex-biased Dispersal in the Contemporary United States, 263

NEWBORN RECOGNITION
Salience of Neonates Facial Features for Recognition by Family Members, 325

NIGHTTIME BIRTH
Pain and Stress During Childbirth and Time of Day, 255

PAIN
Pain and Stress During Childbirth and Time of Day, 255

PARENTAL MANIPULATION
Evolutionary Biology and Psychiatry: The Case of Anorexia Nervosa, 223

PERINATAL MORTALITY
Perinatal Mortality and Sex Ratios in Hawaii, 435

PLASTICITY
The Plasticity of Human Social Organization and Behavior, 171

PREDISPOSITIONS, EVOLVED
The Role of Evolved Predispositions in Cultural Evolution, 195

PROXIMAL MECHANISMS
The Plasticity of Human Social Organization and Behavior, 171

PSYCHOLOGICAL ADAPTATIONS
Rethinking Human Ethology, 315

PSYCHONEUROIMMUNOLOGY
Vulnerable Periods During Infancy, 279

RECIPROCAL ALTRUISM
Comments on "Distinctions Among Reciprocal Altruism, Kin Selection, and Cooperation and a Model for the Initial Evolution of Beneficent Behavior," 449

RECOGNITION
Salience of Neonates Facial Features for Recognition by Family Members, 325

REPRODUCTIVE POTENTIAL
The Social Biology of Human Populations: Spontaneous Group Formation Conforms to Evolutionary Predictions of Adaptive Aggregation Patterns, 343

REPRODUCTIVE SUCCESS
A Critique of Darwinian Anthropology, 131

REPRODUCTIVE SUPPRESSION
Evolutionary Biology and Psychiatry: The Case of Anorexia Nervosa, 223

REPRODUCTIVE VALUE
Human Grief: Is Its Intensity Related to the Reproductive Value of the Decreased?, 297

ROUGH-AND-TUMBLE PLAY
What is a Category? The Case of Rough-and-Tumble Play, 331

SEX DIFFERENCES
Do Men Yawn More Than Women?, 375
Mate Selection Criteria, 241

SEX RATIOS
Perinatal Mortality and Sex Ratios in Hawaii, 435

SEX-BIASED DISPERSAL
Sex-biased Dispersal in the Contemporary United States, 263

SEXUAL BEHAVIOR
Loss of Estrus in Human Evolution. Too Many Answers, Too Few Questions, 417

SIZE DIMORPHISM
Do Men Yawn More Than Women?, 375

SOCIAL BIOLOGY
The Social Biology of Human Populations: Spontaneous Group Formation Conforms to Evolutionary Predictions of Adaptive Aggregation Patterns, 343

SOCIAL EXCHANGE, COMPUTATIONAL THEORY OF
Evolutionary Psychology and the Generation of Culture, Part II, 51

SOCIOBIOLOGY
Does Culture Need Genes, 11
Response to Rushton and Nicholson, 309
The Plasticity of Human Social Organization and Behavior, 171
The Role of Evolved Predispositions in Cultural Evolution, 195

SOCIOECONOMIC STATUS
Mate Selection Criteria, 241

STRESS
Pain and Stress During Childbirth and Time of Day, 255
Vulnerable Periods During Infancy, 279

VIOLENCE
Homicide and Cultural Evolution, 99

VULNERABLE PERIODS
Vulnerable Periods During Infancy, 279

YAWNING
Do Men Yawn More Than Women?, 375
